		P&C Contribution (Voluntary)	\$30.00 per Family

General Contribution:

The General School contribution has been set at **\$45.00 per child**. This fee is used to buy exercise books for each students' subject areas, whole school resources for use in the classroom, sport resources, music resources, library books, student wellbeing activities and general resources for the day to day running of the school.

Although the school does receive some funding from the Government we value the monetary contributions from our families to ensure our students have the very best resources and facilities available, to enhance their learning.

Voluntary P&C Contribution:

The P&C has set the P&C contribution at **\$30.00 per family**. The P&C have been extremely generous in providing funds to the school which support school programs and activities and enhance the learning outcomes for all students. Over the years the P&C has contributed financially to assist the school to purchase new and replacement air-conditioners; new and replacement interactive whiteboards (IWB); new blinds in each of the classrooms; improvements to the school grounds; and other resources the school has requested.

If you have any further questions, please feel free to contact president@winstonheightspandc.com or you are welcome to attend the P&C meetings held at 7pm on the 4th Monday of each month in the staff room.

Technology Fee:

The technology fee supplements the costs associated with our school's technology resources and network, thereby enhancing the learning programs and activities for our students. This fee will contribute to the provision of software, including licensing, expanding and upgrading network infrastructure, and purchasing iPads and laptops for purposeful learning experiences for our students.
